REQUEST FOR APPROVAL OF PROPOSED DRAWING CORRECTIONS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Submitted herewith please find two sheets of proposed drawing corrections with the
changes indicated in red ink.

Both Figure 1 and Figure 2 are corrected and resubmitted to overcome the Draftsperson's
informality objections to the scale of the figures and to the character of lines, numbers and
letters.

Furthermore, Fig. 2 is directed to the embodiment of a liquid crystal display
(LCD). In the previously submitted proposed drawing correction, the LCD was labeled as
Element 3. Its labeling has been changed from Element 3 to Element 6 to avoid confusion with
one of the optical parts 3, 4 and 5 in Fig. 1. Additionally, Applicants modify Fig. 2 to clarify that
an optical part 3 may exist below the optical element 4. The LCD 6 of Fig. 2 is appropriately
depicted on top of optical part 4.
